experience

Full-stack Developer (Freelance)   08/2019 - Present
Everifin
I am an coauthor of whole open banking system that aggregates data from european banks through their PSD2 API. We are building universal internet banking application in which users can link all their bank accounts from the EU. They can also send their electronic invoices from our internet banking or pay their bills with one click.

Senior Front-End Developer (Freelance)   05/2018 - 08/2019
Orange Slovensko
We were implementing e-care system based on microservices and microfrontend architecture. Solution was based on native Web Components (Lit Elements).

Senior Front-End Developer (Freelance)   04/2017 - 01/2018
IN2CORE
I was hired to kickoff front-end part of cloud based solution of existed software tool for video assist professionals named QTAKE. (React.js, Redux, Babel, Webpack)

Front-End Team Lead   06/2016 - 04/2017
Pygmalios
I was leading highly motivated front-end team that was developing in-store analytics system - tool dedicated to customer behavior analytics across retail segments. (React.js, Redux, Babel, Webpack)

Senior Front-End Developer   04/2015 - 06/2016
Piano Media
Front-end developer of paywall system and analytics tool for publishers written in React.js (Redux, Babel, Webpack).

...
